

NEXSHIV AGROX

Agricultural equipment

POWERING FARMS. POWERING FUTURES.

Product overview based on the supplied AGROX brochure.

AGX-WT-3000
Water Tanker

Efficient water transportation.

AGX-CV-09
Cultivator

Perfect soil preparation for better yield.

AGX-PH-03
Ploughs

Deep soil penetration for better farming.

AGX-HT-6T
Farm Trailer

Strong build. Smooth tipping. Maximum load.

AGX-DH-24
Disc Harrow

Break hard soil. Mix residue. Boost yield.

AGX-LL-7FT
Land Leveller

Level land. Save water. Increase yield.

AGX-SD-11
Seed Drill

Precise sowing. Higher productivity.

AGX-GH
Greenhouse Solutions

Smart greenhouses for better growth.

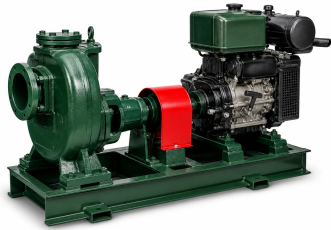

AGX-FT-6T
Farm Trailer

Strong. Reliable. Built for every load.

AI-recreated product illustrations. Actual equipment and specifications may vary.

Water pumping solutions

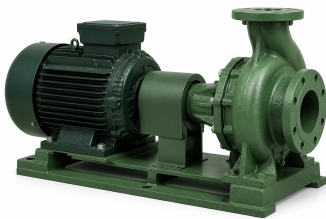

Self-Priming Dewatering Pumps

0.75 HP - 25 HP

Quick self-priming. High suction lift. Built for tough conditions.

Dewatering & water transfer

Centrifugal Water Pumps

0.5 HP - 25 HP

Strong. Efficient. Reliable performance for wide applications.

Irrigation & water supply

Mini Centrifugal Pumps

0.5 HP - 1.0 HP

Compact. Robust. Efficient water transfer for everyday needs.

Everyday water transfer

Solar Water Pumps

Solar powered

Sustainable. Reliable. Powered by the sun.

Solar irrigation

Submersible Water Pumps

4 inch | 6 inch | 8 inch | 10 inch

Power. Reliability. Performance in every drop.

Borewell water supply

Illustrative images. Confirm pump duty, sizing and availability before ordering.

Built around your requirements

Illustrative farm scene

Equipment. Water. Engineering experience.

AGROX is a brand of Nexshiv Steel Pvt. Ltd., offering agricultural equipment and water pumping solutions for modern farming, irrigation, water transfer and dewatering.

APPLICATIONS

Agricultural irrigation / Drinking water supply / Farms & livestock / Industries & plants / Water transfer / Gardens & landscaping / Construction dewatering / Rural water supply / Greenhouses / Horticulture
